clients, which increased 4.3% to 34.4 million average loans, an increase in our average revenue per loan and cross-sales to existing clients. Our origination software solutions revenues increased 3%, or $5.0 million, primarily driven by growth in our loan origination system solutions and a software license fee in our Lending Solutions business, partially offset by the effect of lower volumes on our Exchange and eLending platforms primarily as a result of the 26% decline in refinancing originations as reported by the Mortgage Bankers Association.

Data and Analytics

Revenues were $154.5 million in 2018 compared to $151.6 million in 2017, an increase of $2.9 million, or 2%. The increase was primarily driven by growth in our property data and multiple listing service businesses, partially offset by upfront revenues from long-term strategic license deals in 2017.

Operating Expenses

The following table sets forth operating expenses by segment for the periods presented (in millions):

	Year ended December 31,		Variance	
	2018	2017	$	%
Software Solutions	$ 394.8	$ 388.0	$ 6.8	2%
Data and Analytics	115.0	113.2	1.8	2%
Corporate and Other	115.6	68.3	47.3	69%
Total	$ 625.4	$ 569.5	$ 55.9	10%

The increase in Operating expenses was primarily driven by a $32.0 million increase in equity-based compensation of which $6.9 million of the increase related to accelerated expense recognition, $8.9 million of higher incentive bonus expense and incremental costs following the Distribution within Corporate and Other. The increase was also driven by higher personnel costs, hardware and software maintenance costs in support of business growth and the effect of the HeavyWater and Ernst acquisitions, partially offset by increased capitalization of software development costs.
